

Dear Allergy Patients and Families,

After much consideration and discussion, **we will resume allergy shots on Monday, May 18th.** For the safety of our patients and staff, multiple precautionary measures will be in place to reduce potential transmission of COVID-19. We thank you in advance for your cooperation.

In order to control the volume of patients in the clinic at any given time and to allow for adequate screening, we are unable to offer “walk-in” visits. Please call us at your convenience to schedule a date and time for your first injection. Appointments will be offered during the following times:

72 nd Street Clinic 7205 West Center Road, Suite 103 531-355-7676	Monday 8:00am – 4:00pm Wednesday 8:00am – 4:00pm Friday 8:00am – 4:00pm
--	---

Boys Town Medical Office Building 14080 Hospital Road 531-355-6930	Monday – Friday 8:00am – 4:00pm
--	------------------------------------

We will discuss a plan for ongoing injections at your first visit, which will involve choosing a preferred day of the week and time of day that works with your schedule.

Other precautions will include:

Masks	Screening	Visitors
All patients (and parent/designated adult) must wear a mask – please note you are required to bring your own mask (cloth is acceptable).	You will be contacted by phone in advance of your appointment to be screened for symptoms of COVID-19. You will also be screened on the day of your appointment at the front entrance of our building.	Adults may not bring any family members. 1 healthy parent, guardian or designated adult can accompany patients under 18 years of age.

We continue to recommend that you wait on-site for 30 minutes following your allergy shots. The waiting areas will be set up such that you are able to maintain 6 feet of distancing from other patients.
