

May 2020

**Gaelle E. DOUCET, Ph.D.**  
**Director, Brain Architecture, Imaging and Cognition (BrAIC) Lab**  
Boys Town National Research Hospital  
gaelle.doucet@boystown.org  
Tel: +1 (531) 355-6703

#### **POSITION**

- Apr 2020-current** **Scientist II, and Director, Brain Architecture, Imaging and Cognition Lab, Boys Town National Research Hospital (Omaha, NE, USA).**
- Oct 2017-Mar 2020** **Assistant Professor, Department of Psychiatry, Icahn School of Medicine at Mount Sinai (New York, NY, USA). Investigator Track.**

#### **EDUCATION**

- Oct 2015-Sep 2017** **Postdoctoral fellow** at Icahn School of Medicine at Mount Sinai, Dpt. Of Psychiatry, at Dr. Sophia Frangou's lab (New York, NY, USA).
- 2011–Sep 2015** **Postdoctoral fellow** at Thomas Jefferson University, Dpts. of Neurology/Neurosurgery, at Dr. Joseph Tracy's lab (Philadelphia, PA, USA).
- 2007- Dec. 2010** **Ph.D. Thesis in Cognitive Neuroscience, University of Caen (France).**  
**Topic:** Study of the conscious resting state in functional imaging, including exploration of spontaneous cognition, spontaneous brain activity and their relationship.  
**Grade:** Very honourable distinction from the examination board.  
Scholarship granted by the French Atomic Energy Commission (Commissariat à l'Energie Atomique) & the local state government (Basse-Normandie).
- 2006-2007** **Master in Neuropsychology. Graduated with Honors.**  
Pierre Mendès-France University (Grenoble, France).

#### **AWARDS**

- 2019: **Dr. Harold and Golden Lamport Clinical Research Award.** Amount \$9,000.
- 2018: **Pilot Grant Award** by the Advanced Neuroimaging Research Program (ANRP) from the Translational and Molecular Imaging Institute (TMII), at the Icahn School of Medicine at Mount Sinai.
- 2018: **Travel Fellowship Award** for the 2019 annual meeting of the Society of Biological Psychiatry (SOBP).
- 2016: **Award** for the paper: "Early and late age of seizure onset have a differential impact on brain resting-state organization in temporal lobe epilepsy." Doucet et al., *Brain Topography*.28:113-126. **Organization of the Human Brain Mapping.**
- 2012: **Award** for the paper: "Patterns of hemodynamic low-frequency oscillations in the brain are modulated by the nature of free thought during rest." Doucet et al., *Neuroimage* 59(4):3194-3200. **Organization of the Human Brain Mapping.**
- 2006: Merit Scholarship for Masters Degree, University Pierre Mendes-France, Grenoble, France.

#### **GRANTS**

##### ***Current Research Support***

05/2020 – 04/2023: P20GM130447, National Institute of General Medical Sciences (NIGMS)  
Wilson, Tony (PI)  
Cognitive Neuroscience of Development and Aging (CONDA) Center  
Role: Junior PI

08/2019 - 05/2021: R03AG064001, National Institute of Aging (NIA)  
Doucet, Gaelle (PI)  
Atlas55+: Creation and Validation of a Reference Brain Atlas for Late Adulthood

##### ***Completed Research Support***

07/2013 - 06/2014: Behavioral Science Post-doctoral Fellowship

Epilepsy Foundation of America

Doucet, Gaelle (PI)

Can resting-state networks predict cognitive change after epilepsy surgery?

The goal of this project was to determine the ability of key well-defined resting-state networks to predict neurocognitive outcomes (executive function, episodic memory, attention, language, visuo-spatial and verbal working memory) after a brain surgery (anterior temporal lobectomy) in temporal lobe epilepsy patients.

Role: PI

#### **TEACHING EXPERIENCE/ SEMINAR**

2008-2011: Master Biology, Neuroscience and MRI, University of Caen (France)

- Creation of experimental paradigms using IFIS / e-prime
- Lecturer in Cognitive Neurosciences (about the conscious resting-state)

2016:- NeuroConnect Class, Icahn School of Medicine at Mount Sinai (New York, NY) (Graduate School)

- Lectures on graph-theory and resting-state functional connectivity

2018: Cognitive Neuroscience Seminar at the Department of Neurology, Columbia University (New York, NY).

#### **MEMBERSHIP AND OTHER EXPERIENCE**

2017- Junior Editor at the journal *Bipolar Disorders*.

2018- Review Editor at *Frontiers in Psychiatry*, Section: Schizophrenia.

2019- Associate Editor at *Frontiers in Psychiatry*, Section: Aging Psychiatry.

2019- Member of the Ph.D. Thesis Advisory Committee for Dr. Amirhossein Modabbernia, M.D., at the Icahn School of Medicine at Mount Sinai.

#### **Member of:**

The Organization of Human Brain Mapping  
The Society of Biological Psychiatry

**Ad hoc Reviewer:**
