

Plain Language Summary of Financial Assistance Policy (FAP)

- As part of its mission, Boys Town National Research Hospital (BTRNH) provides financial assistance for emergency and other medically necessary care to patients who lack the ability to pay for hospital services.
- Determination of the ability to pay may take into account a number of financial variables, including but not limited to :
 - The earning status and potential of the patient and family
 - Other sources of income and assets, available funds
 - The family size
 - Alternate means of assistance available, such as Medicaid
- A printed free copy, including Spanish translation, of the FAP and application can be obtained on our website at <https://www.boystownhospital.org>. Printed copies may also be obtained at 1941 S. 42nd St., Ste 380, Omaha NE, 68105 or by calling 402-280-8100 and requesting it be mailed.
- BTRNH will charge a person for emergency or other medically necessary care who qualifies under the FAP less than the amounts generally billed for emergency or other medically necessary care to individuals who have insurance covering such care.
- Financial assistance discounts will be available for only emergency or other medically necessary healthcare services provided to persons who meet the financial and documentation criteria defined in the FAP policy. Patients who are uninsured or underinsured and have a household income at or below 200% of Federal Poverty Guidelines (FPG) (shown in the table below) may receive free care (a 100% discount.) Individuals with annual household incomes between 201% and 400% FPG will be eligible for up to a 75% discount off of normal charges, based on a sliding scale from our normal charges as illustrated by the table below.
